

S5 and S6 Assessment Schedule Update

From Thursday 30 September until Friday 29 October you will have assessments in some of your subjects.

Purpose

October assessments give students the opportunity to chart their progress for the first time this session. These assessments identify areas of success and highlight areas for development. They also help students to make targets and plan what to do next. Learning conversations will take place between student and teacher about what strategies to use next. It's also an opportunity to discuss progress at home.

How to do prepare?

Students should ensure they know when their assessment is happening; speak to teacher/ familiarise yourself with the timetable attached. Information is also on the year Team and the website. Make up a revision calendar to plan revision. Further advice can be found within the subject specific TEAMS groups. There are suggested websites including BBC Bitesize and SCHOLAR.

Talk to your teacher about how to prepare or study; make lists, use study techniques such as retrieval practice, mind maps or other metacognitive strategies.

If these assessments cause you anxiety or stress talk to a trusted adult at school or home, if we know we can help.

What next?

Once all students get their results, they should note any feedback from teachers and use this to plan next steps such as: complete past paper questions, review course notes etc. In the winter term we will deliver a programme of supported study after school from a range of subjects to help prepare for prelims.

S5 and S6 Updated October Assessment Schedule

S5 and S6 Assessment Schedule

Monday 20 September 2021– Friday 24 September 2021

Date	Day	Subject	Level	Assessment	Column
20/09/21	Monday	Administration and IT	H/N5	Word Processing/Admin Practices Integrated Assessment	F
