How to manage your Assessment Schedule

1. Carefully **read** through the assessment schedule.
2. **Highlight** all the assessments you have to sit.
3. **Note** when you will be particularly busy – i.e. early October.
4. **Transfer** all deadlines into your own calendar. This will help to ensure you meet all deadlines.
5. If you are unsure whether you have to sit an assessment or a reassessment, speak to your class teacher or the subject Principal Teacher.
6. **Plan your time NOW**. Do not wait until you have a number of assessments at the same time.
7. If you are concerned about an assessment/unsure about what is in an assessment, speak to your teacher.
8. Be **fully prepared** for every assessment.
9. **Think positively** – if you do the work, you give yourself the best chance to pass.
10. When you have a period of time between assessments, use it to prepare for your SQA exams.

Good Luck!!

The following schedule is designed to help you plan out your study and revision time. Principal Teachers and your class teachers will give you more specific dates and information regarding each assessment, nearer the time of the assessments.
