

# Senior Phase Supported Study Schedule

## Monday 14<sup>th</sup> February – 1<sup>st</sup> April 2022

The school's Supported Study Programme is available for all S4 – S6 pupils. You should read through **ALL** the sessions and select those that will be of most use, as you prepare for your SQA assessments.

Please note the following:

- All sessions last 1 hour.
- No new content will be taught during a supported study session. Sessions will focus on revising course content - already taught in class - and assessment preparation.
- Although we attempt to accommodate everybody who wishes to attend, we are limited for health and safety reasons to a certain number of places per session. If there is a high demand for a particular session, we will look into the possibility of repeating the session at a later date.
- If you sign up for a session you must attend. A notification of non-attendance will automatically be sent to parents/carers. If the teacher is only notified that you can't attend, moments before a session is due to start, it may not be possible to stop the message being sent, so please inform the relevant teacher, by the end of morning interval, if you know you cannot attend a session.
- If you repeatedly fail to attend sessions for which you have signed up, we reserve the right to refuse access to future sessions.
