

# Senior Phase Supported Study Schedule

## January to March 2023

The school's supported study programme is available for all S4 – S6 pupils. We offer supported study throughout the year. You should read through ALL the sessions and highlight/underline those that will be of most use.

You then need to get yourself signed up for the sessions you want. Go to the departmental sign-up sheets on display on the door of the departmental base or the door where the session will take place.

It is "First come, first served" – so get organised or you might miss out on the session you want to attend!!

Some sessions might be added during the course of the term but as it will not be possible to print and distribute a new timetable booklet each time a new session is added, we have created a notice board near the assembly hall that will be updated regularly as new sessions are made available. It is very important that you check the notice board at least once a week for new sessions or just to remind yourself when a session is running.

Please note the following:

- All sessions last 1 hour and start promptly at the end of the school day.
- No new content will be taught during a supported study session. Sessions will focus on revising course content already taught in class and exam/assignment/assessment preparation.
- To reserve a place on a session you must sign your name on the signup sheet that will be located in the relevant department in the week before the session is due to take place.
- Although we attempt to accommodate everybody who wishes to attend we are limited to a certain number of places per session. If there is a high demand for a particular session we will look into the possibility of repeating the session at a later date.
- If you sign up for a session you must attend. Please inform your class teacher or Miss Munro by the end of morning interval, if you know you can't attend a session.
