

Dear Parent/Guardian

Reading for enjoyment is an important aspect of the BGE course and it involves pupils selecting from a variety of genres from the library as part of the reading programme.

To encourage reading the department sets a weekly homework task of targeted reading which will be set and monitored by the teacher.

To support each pupil please sign the booklet each week. This should also allow some time for you to chat with your child about the books they are enjoying.

Additionally, your child may be awarded a "Reader of the Month" certificate by their teacher at some point in the year.

Thank you for your support.

Yours sincerely,

M. Hughes
Principal Teacher of English
