

S5 and S6 Assessment Schedule Update

From Monday 27 October until Friday 31 October you will have assessments in some of your subjects. October assessments give students the opportunity to chart their progress for the first time this session. These assessments identify areas of success and highlight areas for development. They also help students to make targets and plan what to do next. Learning conversations will take place between student and teacher about what strategies to use next. It is also an opportunity to discuss progress at home.

How to do prepare?

Students should ensure they know when their assessment is happening, speak to your teacher and familiarise yourself with the timetable attached and make up a revision calendar to plan revision. Information is also on the year TEAMS and the Lenzie Academy website. Further advice can be found within the subject specific TEAMS groups. Some suggested helpful websites include; BBC Bitesize and SCHOLAR.

Talk to your teacher about how to prepare or study; make lists, use study techniques such as retrieval practice, mind maps or other metacognitive strategies.

If these assessments cause you anxiety or stress. please talk to a trusted adult at school or at home, if we know we can help.

What next?

Once all students get their results, they should note any feedback from teachers and use this to plan next steps such as: complete past paper questions, review course notes etc. In the winter term we will deliver a programme of supported study after school from a range of subjects to help prepare for prelims.

Important notice about Tuesday exams periods 2 and 3

Students who have a double period on a **Monday period 6 and period 7** will sit the assessment for this subject on Tuesday Period 2 and Period 3. You will go to class as normal period 2 and stay in that class P3 to complete your assessment.

S5 and S6 October Assessment Schedule

Date	Day	Subject	Level	Assessment	Double Periods
27/10/25	Monday	Sociology	H	Human Society	2 and 3
		Geography	AH	Mapping & Gathering / Processing Techniques	2 and 3
		English	H	RUAЕ	2 and 3
		English	N5	RUAЕ	2 and 3
		French	N5/H	Reading comprehension	2 and 3
		Human Biology	H	Unit 1 and Unit 2	2 and 3
		Art	H	Expressive Critical	2 and 3
		PE	H	Section 1+2 +3	2 and 3
		Chemistry	N5	Topic 1.1 – 1.4	2 and 3
		Chemistry	H	Unit 1 + Unit 2	2 and 3
		Chemistry	AH	Topic 1.1 – 1.4	2 and 3
		Graphic Communication	H	Computer Aided Design	2 and 3
				Forces, Materials, Bearings and Couplings and Logic Control	
		Engineering Science	H	Integrated Assessment	2 and 3
		Business Management	H		2 and 3
		Business Management	N5	Integrated Assessment	2 and 3
		Geography	H	Paper 2 – D&H , Climate change & app skill	2 and 3

Date	Day	Subject	Level	Assessment	Double periods
