for Session 2025 - 2026

Amelie May Sung

---

**This marks the end of the awards for the Broad General Education  
However...**

Lenzie Academy PTA House Cup

The winner is ...

Many of our Trophies/Awards go back a number of years and the history of some of them is unknown. The following is a collective history that we have gathered from former staff and internet references we thought may be of interest.

**Gareth McKeller Trophy for Sporting Achievement** – Donated by the parents of Gareth, a former pupil who was keen in PE, tragically drowned in a quarry in Kilsyth.

**The Abigail S Hall Award for Endeavour (S1 – S3)** - This Award is new for session 2018-2019 and is in memory of a former S3 pupil of Lenzie Academy who sadly passed away in October 2018 aged just 13.

Abigail Hall was born with only one working heart chamber, known as hypoplastic left heart syndrome. She made medical history at the age of three when she became the first child with her condition to be fitted with a mechanical heart and survive a heart transplant. However, due to the immunosuppressant drugs to support her transplant, in May 2016 she was diagnosed with Burkitt lymphoma, a fast growing cancer. Two years on Abigail was in remission and doing well, packing her life with fun and adventure.

Abigail was a fantastic young person who overcame many challenges with courage and a ready smile. Despite everything she endured, Abigail was a positive person who didn't allow her condition to hold her back. Inspirational, was a word that came up time and time again when Abigail's name was mentioned, she had a really positive outlook even supporting other young cancer survivors.

To celebrate the life of Abigail S Hall this award was donated by her family. During her time at Lenzie Academy Abigail displayed real endeavour, she loved school and was an inspiration to all who knew her.
